

Weak Nerves

Are you ever nervous? Do you lie awake nights, suffer from despondency, and often feel discouraged? It's a terrible life to lead. Don't suffer in this way any more. Get strong and well.

Follow the advice of Mrs. Thomas Pritchard, of Adelaide, South Australia. She sends us her photograph and says:

"I had a terrible illness which left my nerves all unstrung. I had severe headaches, indigestion, sleeplessness, and my nerves were just as weak as they could be. I then tried Ayer's Sarsaparilla and I began to improve at once. My appetite returned, my digestion improved, and my nerves became strong and steady."

AYER'S Sarsaparilla

There are many imitations "Sarsaparillas." Be sure you get Ayer's.

Use Ayer's Pills with the Sarsaparilla. These are purely vegetable pills. They cure constipation, biliousness, sick headache.

CUBAN PLANTERS

Are to Form a Big Political Party Now.

WASHINGTON, July 24.—News is received here from Cuba that a meeting of sugar planters is soon to be held for organization as a political party to secure the annexation of the island to the United States.

It is denied that this proposed action has any connection with the scheme of Senator Elkins and those who were working with him with the sinister purpose of forcing the early annexation of Cuba, by plunging the island into industrial distress, from which no outlet can be seen except by becoming a part of the United States. Yet it is admitted to be true that some of the planters who still have credit and who think they could survive a period of agricultural ruin are active in the present plan. The planters having neither credit nor money form the large majority, and with them it is simply a final effort to save themselves. Satisfied that they can gain no concessions for their sugar in the markets of the United States, they face ruin in whatever direction they turn, and they feel that they can take the chance on openly advocating annexation without making their condition worse. They see the more reason for this since the Havana bankers have given an unfavorable opinion of the proposed government loan of \$4,000,000 to aid the sugar industry, and since the Cuban Congress also has shown a disposition not to accept the plan as formulated by President Palma and his Cabinet.

NOT A SURPRISING MOVE.

Former military officials in Cuba who are now in Washington say there is nothing surprising in this last move of the planters. Since the power of Spain was ended the majority of them have favored annexation, and a few have supported it openly. It is all to their interest to secure a free market for cane sugar, and they know that annexation under any form would give them assurance. The planters' association at times has been charged with being merely an annexation annex. It has not shown much coherence, and its influence has not been great.

One of the planters who is in the movement in a recent letter says that the proposed reorganization of the association is intended in the first place to educate the ignorant classes on the advantages of annexation, and with that object it is proposed to establish a newspaper which shall champion annexation as the only means of remedying economic ills. The intention is that at the meeting the general board of the association shall elect a new executive committee, composed of new elements. That is it is proposed to put new blood in the Sugar Planters' Association, whose vitality now is at a low ebb. Once organized, it will be possible to determine how much influence can be exerted by the planters for annexation.

General James H. Wilson, when he commanded of Matanzas and Santa Clara provinces, told the Senate committee that nobody except the planters then wanted Cuba annexed to the United States. At that time they were not openly and actively supporting their own views, but rather relied on the American authorities to secure the ends they sought. Now that Cuba is an independent country, they will have to rely on their own exertions for their annexation propaganda. Those of them who are engaged in the movement say that it is in no way hostile to President Palma's administration, and will not be allowed to embarrass the new government. Their explanation is that they merely propose that the Cuban people shall recognize actual economic conditions and make sure of their own future.

RECIPROCITY AT NEXT SESSION. While much sympathy is felt for the Cuban planters by officials in Washington who know fully how their distress has been increased by the failure of Congress to provide for reciprocity, nevertheless these officials do not give over great importance to the movement. They say it is based on the assumption that the denial of reciprocity was final, and that Cuban sugar and other products can obtain preference in the markets of the United States only through annexation. Against this view it is pointed out that President Roosevelt's appeal to the people already is bearing fruit, and that some of the Senators who were in the conspiracy which prevented action on the President's recommendations at the late session now admit that Cuban reciprocity will be accomplished in November or December. With reciprocity a fact, the military officials who have been in Cuba think that the annexation movement of the planters will lose much of its force.

PEOPLE WE KNOW

They Are Honolulu People and What They Say is of Local Interest.

When an incident like the following occurs right here at home, it is bound to carry weight with our readers. So many strange occurrences go the rounds of the press; are published as facts, people become skeptical. On one subject skepticism is rapidly disappearing. This is due to the actual experience of our citizens, and their public utterances regarding them. The doubt must doubt no more in the face of such evidence as this. The public statement of a reputable citizen living right in Honolulu, one whom you can see every day, leaves no ground for the skeptic to stand on.

Mrs. N. Joseph lives at the corner of Liliha and King streets, this city. She states as follows: "I was troubled for seven months with a lame back, and also suffered from occasional attacks of chills. These various complaints made my condition by no means happy one, so that I much desired some remedy which would bring relief. This I found in Doan's Backache Kidney Pills, some of which I obtained at the Hollister Drug Co.'s store. I am pleased to say that they gave me not merely temporary but permanent relief and I have not the least hesitancy therefore in recommending Doan's Backache Kidney Pills. They are a good kidney medicine."

Doan's Backache Kidney Pills are for sale by all dealers at 50 cents per box (six boxes \$2.50). Mailed by the Hollister Drug Co., Ltd., Honolulu, wholesale agents for the Hawaiian Islands.

PRIMARY ELECTION FIGHT ON

(Continued from Page 1.)

inct of each district there was a getting together which leaves in the field only one ticket before the members of each club. The method employed was the conferring of representatives of each wing of the party, their reaching a decision as to the men to be chosen and the resignation from the ticket of those on either side selected to be left at home. There was but one hitch in the final acceptance of the agreement to compromise, when one candidate in the Fifth precinct of the Fourth district could not see his way clear to draw out, owing to the pressure of friends, it was said, who insisted on his remaining in the field.

There were two precincts where compromise could not be reached and there will be a friendly battle to the finish. There appeared yesterday to be an entire absence of heat in the contest, it having the features principally of a friendly struggle for supremacy. In the second precinct of the Fourth district there is now going on a fight for delegates to the Territorial convention, which reached such a stage that before the printing presses had been stopped last evening there were some six tickets in the field. One of these was the regular one presented to the club by the executive committee, and decided upon after a free conference between representatives of the two wings of the party in the precinct.

In addition to these nominations there were a number of others and the tickets being circulated yesterday contained a series of combinations of the various names placed before the voters. The tickets thus being distributed are marked "Use this only for reference," the ballot which is to be counted being that furnished by the executive committee.

There are not so many tickets in the Seventh precinct of the Fifth district, but there is just as much eager striving for votes. The two tickets which are there being forced to the front are those at the base of which are candidates of Henry Wilcox-Winston combination of business men and the other is supposed to be the creation of Clark and Stewart, representing the race prejudice side of the conflict.

It is the expectation that there will be a great number of votes cast at each precinct and the outlook is for a heavy increase in the enrollment of Republicans in the clubs. In some of the precincts of the Fifth district it is understood that opposition leaders declare they have wiped out the tangible Home Rule party, as every voter will be registered as a Republican before the polls close this evening. There will be a close watch kept to see that the voters are really Republicans everywhere and the outcome of the primaries will be scrutinized with interest from all sides. The rooms of the Builders Exchange have been tendered to Republicans and returns will be received there. The officers of the various clubs have been requested to report their elections, the telephone which will be used being No. 76 main, and a clerk being on hand to tabulate the returns.

The voting places in the several precincts are as follows:

FOURTH DISTRICT.

- *First—On premises of John A. Cummins, Pawaa.
- Second—At tent, corner of Lunaillo and Piko streets.
- Third—At Lower Reservoir house, Nuuanu avenue.
- Fourth—At San Antonio Hall, Vineyard street.
- Fifth—At Board of Health building, rear of Judiciary building.
- Sixth—At office of Hawaiian Star, Fort street.

FIFTH DISTRICT.

- Seventh—At Reform School, King street.
- Eighth—At Achi Warehouse, Liliha street.
- Ninth—Maemae church, Wyllie street.
- Tenth—Residence Judge Kaulukou, Aala lane.

DEEDS WILL GO TO WASHINGTON

Paper Titles to Pearl Harbor Lands Turned Over to Admiral Merry.

Assistant United States Attorney Dunne has turned over to Admiral Merry the deeds to Pearl Harbor lands which will be taken by the late commandant to Washington, and placed in the archives of the Navy Department.

The papers given to the Admiral include all the matter bearing upon the title to the lands required for the naval station and an opinion by Mr. Dunne upon their validity. These deeds include the title to all of the Pearl Harbor lands except the leasehold interest held by the Honolulu Plantation Co. A suggested compromise has been already forwarded to the Navy Department, and upon Admiral Merry's arrival in Washington the justice of this arrangement to all parties will be urged. The price agreed upon in the sale of the leasehold to the United States is in the neighborhood of \$75,000 which was the amount fixed by Judge Estee as reasonable and just sum in setting aside the first verdict of the jury.

Admiral Merry will leave for the coast on the City of Peking August 11th.
